DH104: Dental Materials

Credit Hours: 2
Clock Hours: 15/30/0

This course introduces the Dental Hygienist to a variety of dental materials used in the dental office. It focuses on history, composition, properties, and uses of materials, as well as techniques of manipulation and how this assists the hygienist in a professional capacity. This course enhances the ability of the student to make judgments in a clinic or office regarding the use of dental materials with consideration of how they react in the oral cavity.
